納尼亞傳奇：獅子·女巫·魔衣櫥

Story background:

Once there were four children whose names were Peter, Susan, Edmund and Lucy. This story happened when they were sent away from London during the war because of the air raids. They were sent away to the house of an old professor, the house was ten miles away from the nearest railway station and two miles from the nearest post office. They found a secret wardrobe that was the gateway to the land of Narnia.

important events:

(This is the first major event i'm going to tell you.)

Event: Aslan returns.

Here is a background of aslan, so aslan is basically the king of the land, but like 33 percent of fathers in the united states, he is often absent, so the white witch took advantage of Aslans absents and ruled tyrannically, casting a spell that made the whole of narnia winter for all of eternity , but when aslan finally returned to his kingdom, he broke the witches spell making the snow melt, thus halting the rule of the white witch.

important events:

(This is the second major event I'm going to tell you.)

Event: Father Christmas came.

Basically the ice witch queen cursed the entirety of narnia to always be winter and never Christmas, but recently Aslan the lion came back ,and since aslan is swag his arrival negated the curse the witch put on so its now Christmas, and since its Christmas Santa came and when Santa came to greet Peter, Susan and Lucy he gave them gifts, he gave Peter a cool sword, Susan a cool bow and arrow and Lucy a potion able to heal any wound.

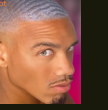

important events:

(This is the third major event I'm going to tell you.)

Event: Aslan dies. (don't worry he gets revived since this is a kids book.)

Ok so this was when aslan was with Lucy and Susan, they were basically scouting out the witch assisting for when the battle arrive. What they saw was that the witch summoned her great and terrible army consisting of orges with terrible teeth that in my opinion needed braces, wolves and bull headed men; spirits of evil trees, poisoness plants and many other evil entities. So every single evil entity was standing around the stone table, and the witch was standing in the middle since she was their leader, and they were carrying torches that burned with evil looking flames that emitted black smoke. Aslan decided to come out the bush, when aslan came out every single entity was scared including the witch, but the witch locked in and laughed like a maniac, the witch told her four hags to bind him and they did. even though aslan had the power to solo them all he did not move letting them bind him. and when they finished binding him they cut off all of his golden fur leaving him looking like a naked mold rat. And the witch told them to muzzle aslan, after that they jumped aslan kicking and punching him until submission. When they finished the witch drew out her stone knife and stabbed him killing him. And when all of this happened Lucy and Susan were hiding in the bush with fear. And when the evil people left lucy and Susan came running staring at aslans lifeless body. When they cried some mice came and bit aslan reviving him somehow.

important events:

(This is in my opinion the most important event in this book.)

Event : The defeat of the white witch.

Aslan led his backup army to assist Peter and Edmund to win the battle against the witch. Aslan gathered children , dwarfs , small animals , lions , centaurs, unicorns, horses, giants and eagles. He told the ones who could not keep up to ride on the animals that could keep up with the speed. He told the ones with a keen sense of smell to be on the front to sniff out where the battle was fought. once they got to a narrow valley they found Peter and Edmund and the rest of the army fighting the evil forces of the white witch. The witches creatures were a lot compared to the dwindling forces of Peter and Edmunds remaining force . Peter was fighting the witch with his sword, they were clashing swords and stone knives. once aslan saw this he pounced on the witch killing her, when the rest of aslans force saw this they gained morale and charged the enemy lines, winning the battle. The reason why the witch was fighting with her stone knife instead of her magic wand was because when the witch was using her wand turning aslans soldiers into stone Edmund charged her . Fighting through three ogres , injuring him, once Edmund got to the witch he smashed her wand into pieces with his sword, greatly turning the tide of the battle. But due to the orges edmund was injured greatly and fell to the ground , Lucy saw this and rushed to him using her Christmas gift which was a potion, healing Edmund.

Ending:

After the battle , and the defeat of the white witch. the four children were crowned the kings and queens of narnia, they reigned for a long time, changing laws and changing narnia for the better. But when they came back to the real world through the wardrobe, they found out almost no time had passed. This may be the end of the adventure in the wardrobe. But this was only the beginning of the adventures of narnia.
